

## **PURPOSE**

We are committed to creating community and peace of mind for each other. Together, we make life better.

## **COMMITMENTS**

**We are a supportive community** providing our staff, residents, and their families an environment of independence, security, and wellness, at all stages of life.

**We are a cooperative community** where residents, family members, trustees, and staff are partners in friendly, open communication, with trust that we are all working to make life better for one another.

**We are an active community** providing a physically and an intellectually stimulating environment while encouraging lifelong personal growth.

**We are a secure community** where safety and quality is superior, and long-term financial sustainability and perpetuity is ensured through thoughtful decision making and risk calculation.

**We are a caring community** where staff and residents rely on one another to provide positive impact in both their RiverWoods community and the greater surrounding communities.

**We are a well-managed community** in which trustees, staff, and residents strive every day to fulfill their respective obligations to each other.

**We are a forward-looking community** dedicated to remaining leaders of excellence in senior living by continually evolving.
